

Out of the ordinary news

The road to Laval's first, all-electric bus line

On August 15, we introduced Québec's first-ever battery-electric bus with a range of 250 km. The vehicle will be used for testing and validation ahead of the 2020 entry into service of the first line in the province to consist entirely of overnight-charge battery-electric buses.

Learn all about our electric bus!

GOOD TO KNOW

Join the movement for just \$1

On Friday, September 20, the fare for all STL buses will be \$1. Plus, every extra trip taken will go toward tree planting in Laval. You can leave your car at home, and do two good deeds in one! So how about it: are you on board?

NETWORK NEWS

We want to hear from you!

The deadline to complete our user satisfaction survey is September 12.

This is your chance to express your opinion and help us provide the best service we can. And by completing the questionnaire, you'll be in to win one year's worth of free public transit!

To complete the survey, visit stlaval.ca/1year

OUR TEAM

Festivals, festivals and more festivals

Make summer last with all the great events coming up in Laval. Enjoy the fun and choose our free shuttle service to get to and from your favourite ones.

On the agenda in the next few weeks: La Fête de la famille, September 1.

The new fall schedule, more efficient than ever

Effective August 24, we're back to our fall schedule, which we've improved over last year's:

- Lines 17, 24 and 31 – Run every 30 minutes during off-peak periods
- Line 925 – Service every 20 minutes between 4 p.m. and 6 p.m.
- Shared taxis – The new T23 line will connect the Chomedey district and Le Carrefour terminus
- Line 33 – Accessible service for riders with reduced mobility
