

Canadian first for the STL: A new tool for tracking bus occupancy

This new feature calculates on a daily basis estimates of how many passengers will be riding your bus once it arrives at your stop, and also throughout your commute.

Personalized data that enables you to make better informed decisions so you can travel safely, now that's out of the ordinary.

Available on stlaval.ca/passengers, via your computer or smartphone.

COVID-19 The STL collaborates to foster screening in Laval

A mobile screening clinic will be going around visiting Laval parks this summer. It'll be housed inside one of our buses, it'll be free, and no appointment required.

Check out the schedule at lavalensante.com/en/covid19

It pays to add BIXI to your transportation mix!

Get 50% off a 30-day BIXI membership when you purchase a monthly bus pass.

To take advantage of this offer: bixi.com/en/pricing

We do more for your safety

By increasing the cleaning frequencies in:

- our buses
- our terminals
- our garage

But for these measures to be effective, everyone's cooperation is essential.

Please wear the face cover when traveling in public transport.

stlaval.ca/covid19

Please note these schedule changes

- Wednesday June 24: Sunday service
- Wednesday July 1: Saturday service
